

How to Host a Drive

WHICH DRIVE TYPE WORKS BEST FOR YOU?

STEP ONE: PLAN YOUR DRIVE

Set a date.

We recommend holding your drive for two weeks to one month.

Set goals.

Promote stronger engagement from participants by creating a goal and updating everyone on their progress.

How to calculate a goal: We suggest calculating a 75% participation scale.

Example: Your company has 100 employees. If 75% participated with an average gift of \$25 your goal would be \$1,875.

Pro-Tip: Reach your goal too early? You can always increase it! Don't forget to let participants know about the new challenge.

My drive type is:

- Virtual Drive
- Collecting in Person
- Mix and Match - you can now select most needed food items online!

My drive dates are:

_____ to _____.

My goal is to raise/collect:

_____.

STEP TWO: PROMOTE & ENGAGE

ENGAGEMENT IDEAS:

Get more participants involved by offering incentives for participation.

- Make participant incentives: dress down days, raffles for a free lunch or the closest parking spot at work.
- Create a theme for your drive to streamline donations and engage teammates and donors.

Examples: "Meat the Need," "Tons of Tuna" or "Spread the Love."

CREATE A BUZZ

- Email friends, family and colleagues to ask supporters to get involved.
- Post on social media your personalized link or drop off locations.

Pro-Tip: Copy & paste templates are readily available on your fundraising home base after you create your fundraising page
