

Get Ready!

Lowcountry Food Bank brings Vivery to our Agencies!

We are excited to announce we have partnered with Vivery (www.vivery.org) to bring a state-of-the-art Find Food Map to our community at no charge to our agency partners! This map is just the first step toward our objective to make it easier for neighbors to find the food and related services they need.

What's coming from Vivery:

Robust Find Food Map

to showcase all your programs and services- Easy to update for announcements special closures, new offerings, etc .

Online Presence

to make it easier for people to find you- including free automated websites powered by your profile.

Text Messaging

at no charge for more direct communication with your neighbors.

And a whole lot more...

We expect to launch the map in mid-June. Once it is launched our agency partners will be invited to a Quick Start Webinar where you will learn how easy it is to update and enrich your profile, so neighbors are better able to find and access the food and social services they need. So, be on the lookout for emails from Vivery and Lowcountry Food Bank in June!
