Subject: Update on USDA/TEFAP

Dear Partner Agencies,

We are reaching out to address a subject that several agencies have contacted us about.

Right now, TEFAP/USDA food is not as abundant as it has been in the past. We are getting all that we have out to you as soon as it is available, but the supply is limited at this time.

Unfortunately, we do not have any insight into how the rest of the year will look.

Bear in mind that a factor we use to calculate how much TEFAP food your agency receives is the number of neighbors you serve, so please keep your Link2Feed usage current.

Please reach out with any questions. Thanks for all you do!
